

## Our Restaurants

### Thyme at the historic Sirloin Inn in Hoghton

Be it a casual dinner for two or that special occasion, the Sirloin Inn cannot fail to impress. We have a superb counterpart restaurant incorporating the famous Sirloin Inn. This venue has a small private dining facility for up to 30 people - ideal for your company meeting or private family occasion. The restaurant can be booked privately for weddings and dinners with bespoke menus to suit every pocket.

### Thyme Restaurant in Longridge

Intimate brasserie style restaurant serving award-winning food with a great ambience. Listed in all major food guides, Thyme continues to go from strength to strength.

### Thyme's gone by! November 2001

From a small double fronted derelict shoe shop in the heart of the bustling Ribble Valley town of Longridge, the Thyme brand was created. Thyme quickly built up a strong and enviable reputation for quality and service, creating a relaxed atmosphere where our customers could enjoy the best of local produce. A string of accolades were soon to follow, firmly establishing us on the areas culinary map.

### April 2003

Our next stop was right in the heart of the Lancashire countryside at the historic location of the Sirloin Inn. Once again we very quickly built on our existing reputation of quality and service making Thyme @ The Sirloin one of the north west's premiere award winning restaurants.

### The future of Thyme

Here at Thyme it has always been our intention to move forward with our commitment to the most important part of our business "our customers needs", this was not by rapid expansion adding countless outlets of an average quality but to work with what we have in our grasp and to take this out to off site venues. Thyme Out is our exciting new approach to what we believe is a vital requirement in today's fast moving climate, be it in the work place or a personal and intimate event staged exactly where and how you want it.

We firmly understand the need to keep things on a personal level so that our clients feel secure in the fact that their individual needs are taken care of by one of a dedicated team who will organise and see every event to its successful conclusion.

We truly believe that our passion for providing culinary excellence, quality and service should not be restricted to our restaurants only. This was one of the main reasons that drove us to create Thyme Out, so as to be able to take our expertise to your door. With a dedicated team of long serving staff committed to providing for all our clients needs. We also strive to maintain a working relationship with all the local suppliers and contractors ensuring that the surrounding economy is supported as much as possible.
